Defense Counsel

*Irving et al v. City of Raleigh et al*

*Via Email*

Dear Defense Counsel:

We are following up on the outstanding discovery items that we discussed at the “meet-and-confer” video conference on November 21, 2022, as well as Emancipate NC’s conversation with Ms. Petty and Ms. Kibler yesterday. I have reproduced the numbered list of items we discussed on November 21 on the last page of this letter for your convenient reference.

First, with regard to items that defendants have requested from plaintiffs, we have gathered the names of our clients’ medical providers and obtained signed medical record authorization forms from all of them. A paralegal is submitting the last of those authorization forms to their various providers for processing today. Additionally, we have supplemented the interrogatory responses and provided those to you. We believe you have access to our clients’ social media profiles to obtain the information that you seek in that regard. Mr. Rubert-Schewel provided his emails between himself and the District Attorney’s office (analogue to our item 12) today. We believe this resolves the issues at stake in the November 21 conference.

Next, with regard to other resolved items, last week, we finalized the Consent Protective Order for “expunged” records and we also received certain documents in a production on December 9, 2022 (items 4, 5, 10 & 11). Thank you. We will be re-noticing depositions of SEU officers for January. As you saw from Mr. Rubert-Schewel’s ECF entry on Monday, we inadvertently failed to advise the court and parties of Mr. Van Irvin’s objection to disclosure. We apologize sincerely for that oversight. Mr. Van Irvin has been advised that he may file something with the court to articulate his objections, if he chooses to do so.

Meanwhile, we continue to seek the other categories of items delineated in our last deficiency letter, all of which were discussed at some length at the conference on November 21. In particular, at the conference, despite lengthy

discussion, we came to no firm agreement about the scope of appropriate search terms for emails and text messages. However, in the spirit of cooperation, we agreed to wait and see what was turned up by the search terms that we did agree upon. We have not waived any of our rights on these items and we continue to wait for a first production in categories 1 and 2 to be able to assess more fully the adequacy of the searches.

With regard to items 6 and 7, we have sent a petition for release of body-worn camera footage to Wake County Superior Court for filing. We will continue with that process and appreciate your cooperation.

In order to move forward with this litigation, we do need the outstanding items to be produced. If we do not have your production for categories 1, 2, 3, 8, 9, 12, and 13 by the end of the day on December 19 (four weeks after the conference), we plan to file a motion to compel and to avail ourselves of all remedies at our disposal.

Finally, with regard to the 30(b)(6) deposition noticed by Emancipate NC, and discussed yesterday, I do agree that we disagree, though I do not agree with the full characterization of the conversation. The Scheduling Order states that Phase II discovery is reserved for the “*Monell* claims,” i.e., “Counts Ten, Eleven, and Twelve of the Amended Complaint.” Emancipate NC’s injunctive claim against Defendants Patterson and Adams-David are located in Claim Two. (Claim Two also contains a damages claim for the individual plaintiffs, *see* ¶ 226).

Emancipate NC’s claim is for injunctive and declaratory relief related to unlawful “No Knock” and “Quick Knock” entries into homes in violation of the Fourth Amendment. I cannot provide “legal authority” for what is simply the case: it is not a “*Monell* claim” and it is not “Claim Ten, Eleven, or Twelve.” Please advise whether you plan to seek a protective order or whether we will proceed. As we iterated yesterday, absent a court order, Emancipate NC will not be subjected to discovery on Claim Two if we cannot take discovery on Claim Two, as that would be inequitable.

Sincerely,

A handwritten signature in black ink, appearing to read 'Elizabeth Simpson', with a horizontal line extending from the end of the signature.

Elizabeth Simpson
